Enrollment Trends

# Enrolled: Fall 1929 to 2009

- Enrollment increased between 1929 and 1975; decreased after 1975 and increased after 2001
Between 2006 and 2009, enrollment of under 20, 20-24 and 25-34 age groups increased.
Between 2000 and 2009, enrollment of US Citizens increased; enrollment of Permanent Residents decreased during the same period.
Between 2000 and 2009, Hispanics were the largest ethnic student group.
Between 2000 and 2009, there was a larger proportion of females in the college.
Between 2000 and 2009, the percent of English speakers enrolled in LACC increased; the opposite occurred for Spanish speakers.
Between 2000 and 2009, the majority of LACC students were U.S. high school graduates.
Between 2000 and 2009, an increasing number of students expressed an interest to transfer.
Between 2000 and 2009, the majority of LACC students transferred to a CSU.
The percent of students who transfer within 6 years marginally increased between 1995 and 2003.
**Between 2000 and 2009, Hispanics represented the largest proportion of ethnic students who transferred to a CSU**
Between 2000 and 2009, a diverse group of students transferred to UC; Asian and white students represented the majority of UC transfers during this time period.
In 2007, over a third of LACC students received some type of financial aid.
Math Sequence (2009)

1. Select a track that more closely relates to your educational goals.
2. Place into that track by taking the placement test (find information at the math office) or by having taken the prerequisite course (see catalog or schedule of classes).
