PARKING ON CAMPUS
After paying USC parking attendant ($12) and parking in structure, walk toward the campus quad and walk directly across it (a reflective pool on your right) toward the brick buildings straight across. Social Science (SOS) B49 is now the new location for the meeting and is the shortest brick building between the tallest brick building (Rossier School of Ed - WPH) and the brick building (Von KleinSmid Center - VKC) that has the tall Globe on it. Stay outside of SOS and walk the path to the right of the SOS building (so between that and the tall WPH building). You will see off-white railings and an outside staircase heading down to a small courtyard with a fountain. Take the stairs down and enter the building straight ahead. Once inside the building, take the first left and then the next right and follow the numbered rooms to B49. For those that may not be able to walk/use stairs, you must enter the tall brick building (Rossier School of Ed, WPH) and take the elevators from that lobby to the Basement (B) level, exit the elevator to your right and walk the long path toward the outside door. Make a left at the end of that hall and follow the numbered rooms to B49.

Radisson guests just need to walk across Figueroa at the McCarthy Way gate and follow information above to SOS B49.
