

HIGHER EDUCATION LEADERSHIP

Challenging Tradition and Foraging Possibilities

Higher Education Leadership offers a groundbreaking exploration of leadership in higher education. Rozana Carducci, Jordan Harper, and Adrianna Kezar challenge traditional paradigms and ideologies that hinder progress—advocating instead for liberatory systemic change. The authors highlight new and evolving interdisciplinary leadership approaches for resisting and dismantling oppressive systems, including neoliberalism and white supremacy, within and beyond higher education organizations.

With enriching case studies, vignettes, and discussion questions, *Higher Education Leadership* serves as an essential resource for graduate classrooms and professionals seeking to critique existing leadership practices and forge new pathways that foster equity and systemic transformation. This thought-provoking textbook offers a new vision for higher education scholars and leaders committed to fostering inclusive, anti-racist, and equitable universities.
